

# 4A battery installation

How do I install a new battery on my pixel 4A?

Position the New Battery: With the new battery in hand, gently place it into the designated compartment within the Pixel 4A. Ensure that the battery is oriented correctly, aligning the connectors with their respective sockets on the device's motherboard.

How do you remove a battery from a pixel 4A?

The battery in the Pixel 4A is often secured with strong adhesive to keep it in place. To release the battery, carefully insert a plastic opening tool or a spudger underneath the edge of the battery. Gently pry upwards, applying even pressure to gradually loosen the adhesive bond.

How do I check my Google Pixel 4A battery level?

A low battery level could lead to unexpected shutdowns or disruptions, which may impact the overall process and potentially cause damage to the device. To check the battery level on your Google Pixel 4A, follow these simple steps: Access the Home Screen: Start by pressing the power button located on the right-hand side of your device.

What should I do if my pixel 4A battery is swollen?

For your safety, discharge your battery below 25% before disassembling your phone. This reduces the risk of a dangerous thermal event if the battery is accidentally damaged during the repair. If your battery is swollen, take appropriate precautions. The unreinforced display panel of the Pixel 4a is fragile.

Does the pixel 4A have a bad battery?

However, like all electronic devices, the battery of the Pixel 4A may degrade over time, leading to reduced battery life and performance. When faced with this issue, many users opt for a DIY approach to replace the battery, saving time and money compared to seeking professional assistance.

What is the battery capacity of Google Pixel 4A?

The Google Pixel 4a is a 5.81" phone with a 1080x2340p resolution display. The Qualcomm SDM730 Snapdragon 730 chipset is paired with 6GB of RAM and 128GB of storage. The camera has is 12.2MP and the selfie camera is 8MP. The battery has a 3,140mAh capacity. This is customization central!
