What is Ford's plan to build a new battery Gigafactory in Turkey?

Today, Ford, SK Innovation's SK On, and Koç Holding announced the signing of a non-binding MOU to create one of Europe's largest commercial vehicle battery production sites in Turkey. The plan is to build a new battery gigafactory with an annual manufacturing capacity of about 30-45 GWh, near Ankara, Turkey.

Will Ford build a large battery cell plant in Turkey?

Ford has agreed with LG Energy Solution and Koç Holding to form a joint venture to build a large battery cell plant for electric commercial vehicles in Turkey. The plant in Turkey had originally been planned with SK ON.

What is the plan to build a new battery Gigafactory?

The plan is to build a new battery gigafactory with an annual manufacturing capacity of about 30-45 GWh, near Ankara, Turkey. The purpose of the joint venture is to supply batteries for Ford's commercial vehicles, which are expected to be produced in high volume at Ford's facilities in Turkey.

Is SK on the world's largest EV battery supplier?

SK Innovation's SK On intends to become one of the largest EV battery suppliers, setting a goal to reach 220 GWh/year by 2025 and 500 GWh/year by 2030. According to the latest press release, the cumulative orders already reached 1,600 GWh as of the end of 2021, which - considering the current manufacturing capacity - means "years" of production.

Is Ford changing its battery partner for Turkey?

The Ford E-Transit for Europe comes off the production line there and already uses battery cells from LGES - but these cells are still supplied from the LG plant in Poland, where the cells for the Ford Mustang Mach-E are also built. This announcement confirms the rumour from January 2023 that Ford is changing its battery partner for Turkey.

Why did Ford build a car plant near Ankara?

The site near Ankara was strategically chosen because Ford and Koç Holding have operated a vehicle plant there for more than 60 years through the Ford Otosan joint venture. Light commercial vehicles are built there, also with electric drive.

Koç Holding, Ford Motor ve LG Energy Solutions ile Ankara'da batarya hücresi fabrikası kurulması için baglayıcı olmayan niyet mektubu (MoU) imzaladı. Holding, batarya hücresi fabrikası için daha önce SK On ile mutabakata varmış, ancak ...
