

# Benin Energy Storage Battery After-sales Service Telephone

Where can I store oil & gas in Benin?

Storage terminal: We own one of the four oil and gas storage terminals in Benin, and by far the busiest, with access to a private deep water jetty that allows large vessels of up to 180 metres and 30,000 MT to berth. We began our presence in the country with the construction of this terminal in the coastal capital of Cotonou.

Does Oryx Energies have a retail network in Benin?

Retail network: Oryx Energies has a retail network throughout Benin. The first service station was opened in 2004. Oryx Energies' products and services are widely recognised and appreciated by customers in Benin, from the industrial client with full on-site services to the private individual end-user.

What is Benin Oil Terminal?

Since this modern facility opened in 1999, it has managed the transit of oil products not only to Benin, but also to customers in surrounding seaborne and landlocked countries, including Niger, Burkina Faso, Mali and Togo. The terminal enjoys a strong reputation as an efficient and customer-friendly service provider 24 hours a day.

How many LPG cylinders are there in Benin?

Today, we have over 900,000 LPG cylinders in the market and enjoy a strong reputation and majority market share. The "Minigaz Oryx" concept has been so successful in Benin that it has extended to our operations in neighbouring Burkina Faso. We supply LPG to the local market and also re-export to Burkina Faso and Togo.

Where do we ship oil to Benin?

We began our presence in the country with the construction of this terminal in the coastal capital of Cotonou. Since this modern facility opened in 1999, it has managed the transit of oil products not only to Benin, but also to customers in surrounding seaborne and landlocked countries, including Niger, Burkina Faso, Mali and Togo.

Why should we invest in Benin?

We also leverage Benin's strategic position as a commercial hub to serve the energy needs of neighbouring countries, including Burkina Faso, Mali, Niger and Togo.

Demand for Li-ion battery storage will continue to increase over the coming decade to facilitate increasing renewable energy penetration and afford homeowners with greater energy independence. This IDTechEx report provides forecasts and analyses on Li-ion BESS players, project pipelines, supply and strategic agreements, residential and grid-scale markets, ...
