

# Communication base station solar street light manufacturer price

Who is the best solar LED street lighting company in China?

As one of the best solar LED street lighting company in China, SUNVIS solar products conform or exceed the CE/IEC/UL/TUV industry standards. That's why we have won many projects orders from the United Nations. Need A Quote For Your Project?

What are solar street lights made of?

The poles of these outdoor solar street lights are made from Q235 steel hot-dip galvanised then finished with a plastic spray, and the LED luminaires are made from die-cast aluminium profiles that are corrosion resistant and can withstand a variety of harsh weather conditions for installation, including sandy and salt spray environments.

Are solar street lights a good choice?

A great choice for remote and off-grid locations. All-in-one solar street lights are designed for a variety of outdoor applications, including: Residential areas: Lighting up residential areas, parks, and gardens. Rural areas: Rural areas where there is no access to electricity or where the power grid is unreliable.
