

New Energy New Energy Battery Range Extender Package

What is the giant energypak plus - range extender 250 Wh battery?

The additional Giant EnergyPak Plus - Range Extender 250 Wh battery offers the possibility of increasing the on-board capacity of your Giant electric bike already equipped with an integrated 500 Wh or 625 Wh battery.

How much energy does a 240 watt range extender produce?

Increase your riding range by 50%~65% with the new EnergyPak Plus with 240Wh of extra energy. This range extender pairs with your existing 375Wh or 500Wh main battery to produce a whopping 615 to 740 total watt hours of energy. Please note: The EnergyPak Plus requires a V7.3 Firmware update, which can be performed at your local Giant dealer.

Does energypak plus have a range extender?

Thanks to the EnergyPak Plus battery, trail junkies who can't get enough or long-distance trekking riders can go full throttle without worrying about range. The 1.8 kg Giant Range Extender is only compatible with selected models (see below).

Is giant energypak a good range extender?

Giant's EnergyPak is well-built for carrier and side release mounting and comes with an advanced 4A charger with BMS system, so the battery can be charged quickly and efficiently. This range extender can boost total capacity by 250Wh. It has all the latest technologies combined with an up-to-date design that fits a selected number of bikes.

What are giant energypak battery systems?

Giant's latest EnergyPak battery systems feature streamlined designs that are integrated with the E-bike for a sleek and modern profile. There are two levels of EnergyPak--the EnergyPak Smart and EnergyPak. We also offer EnergyPak Plus, a range extender that helps prevent you from running out of power before reaching your destination.

What is the energypak ebike range extender?

The EnergyPak is a convenient range extender for numerous ebikes from Giant and Liv. If you want, you can also use it as a power bank.

Batterie additionelle RS RANGE EXTENDER. Le RS Range Extender pour vtt Orbea Rise vous procure 252 Wh (70 %) supplémentaires d'aventure.
