

Nordic battery price comparison chart

Is the Nordic battery value chain a good investment?

In 2021 the Swedish Energy Agency and Business Sweden published two reports* concluding the complementary strengths within the Nordic battery value chain, a strong momentum for industry potential, a shared interest in joint trade and investment promotion as well as a need for coordinated actions.

What is Nordic battery Thursdays?

Nordic Battery Thursdays is a collaborative webinar series that provides in-depth insights on the potential, opportunities and impact of the battery sector within the Nordics. The purpose is to promote the Nordic drive for a sustainable battery value chain towards both the Nordic region and international markets.

What is the Nordic battery collaboration?

The Nordic Battery Collaboration is a key initiative. The decision to carry out this report was taken by Business Sweden, Business Finland, Innovation Norway and the Swedish Energy Agency together. All parties are financing the report. The report is conducted by Business Sweden.

What is the difference between lithium ion battery prices and nickel prices?

Data until March 2023. Lithium-ion battery prices (including the pack and cell) represent the global volume-weighted average across all sectors. Nickel prices are based on the London Metal Exchange, used here as a proxy for global pricing, although most nickel trade takes place through direct contracts between producers and consumers.

Why is the Nordic battery ecosystem important?

Actors within the Nordic battery ecosystem are active on global markets with strong ambitions and devotion to sustainability. The European context is decisive for business as Europe and the EU is the main region for Nordic trade and investments.

How much does a lithium ion battery cost?

Ongoing data over the last decade shows just how dramatically lithium-ion batteries have fallen in price. According to data collected by Bloomberg, the volume-weighted average price of a typical lithium-ion battery plunged by over \$1,000 since 2010. As of 2020, the average price is roughly \$137, down from an astounding \$1,191 just 10 years ago.
