

Refrigerator inverter battery price

The inverter converts DC battery power to AC power, 12V to 110V/120V, and is a necessity if you want to power any electronic that use a regular 15A plug. Without the inverter the AC200P would only be able to power 12V fridges and unless you knowingly have purchased a 12V fridge, the one in your home will run on 120V power.

When deciding on the best battery backup for a refrigerator, consider the cost, longevity, safety, etc. Lithium-ion batteries used in Jackery Explorer Portable Power Stations are generally preferable over other types. This is because ...
