

Togo conversion equipment battery electrolyte company

Where can I charge my e-bike battery in Togo?

With the new partnership, those who currently use one of M Auto's 2,000 e-bikes that circulate in Togo will be able to charge their battery at any Total station across the country. "At M Auto, we are committed to transforming the existing 2-wheeled mobility in Africa from thermal to electric motorcycles.

Will 3% of e-bikes be circulating in Togo by 2025?

The collaboration between M Auto and TotalEnergies, according to our sources, also contributes to the Togolese government's vision to have at least 3% of the 2-wheeled bikes circulating in Togo by 2025 being e-bikes.

Why is TotalEnergies-Togo a multi-energy company?

"Because the transport and mobility sector is changing, our role as a multi-energy company is to encourage this change, to adapt and to commit ourselves to multimodal and low-carbon mobility," said Frédéric Maupetit, CEO TotalEnergies-Togo.

(Togo First) - E-bike maker M Auto has partnered with TotalEnergies, the French oil group, to speed up the transition to electric mobility in Togo. The two signed an agreement in this framework on December 9, 2022. On the same day, the new partners inaugurated their first "Swap and Go" kiosk (for charging and swapping batteries ...
